Why is this interesting to Flare Network?

Our Liquid Wallet ecosystem will be built upon the Flare Network Protocol

We will develop a Flare Network Exchange Module and Web App

We will offer the first Token 'Cashback-and-Burn' incentive program

We will offer Self-Custody, Personal and Corporate Wallets on Flare Network - Bringing Flare to Business

We will build the first retail payments function on Flare Networks (Debit)

Combine financial innovation with Enterprise Resource Management to bring Flare Networks to Enterprise

Offer Banking-as-a-Service expanding into Defi and AMM

...all while remaining compliant with regulation and ISO/AML directives and all on FLARE NETWORK
